95 Years Ago—1841.

The whaleship *Martha*, Capt. Baxter, sailed from the outer roads on a voyage to the Pacific.

* * * * *

The importation of whale oil into the United States during July found Nantucket the leading importer, with 4590 bbls. from two ships and a brig.

* * * * *

After three years, to the month, at sea, the whaleship *American*, Captain Baker, of this port, arrived at the wharf. She had 2200 bls. of sperm oil for Messrs. M. Crosby, D. Jones, B. Gardner, C. & H. Coffin and the master. Reported sighting the *Catharine, Congress* and *Richard Mitchell*, in March; learning that the *Washington, Peruvian* and *Jefferson* had touched at Talcahuano; and that the *Sarah, Phenix, Constitution, Enterprise* were at the Gallapagos in February; while the *Henry Astor*, Capt. Pinkham being sick, at Valparaiso.

(All were Nantucket whaleships.)
